

September 16, 2024

September is known as Harvest Month. It's a great month to harvest in preparation for the coming winter months. In fact, in Old England, it was called "Haervest-monath", meaning Harvest Month. Some of the best crops to harvest are onions, apples, raspberries, and tomatoes. I didn't plant gardens this year but am still harvesting last years tomato crop!

SLR LONDON: FALL COURSES

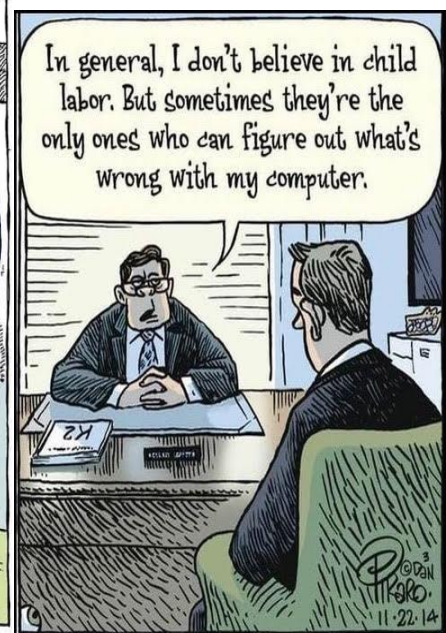

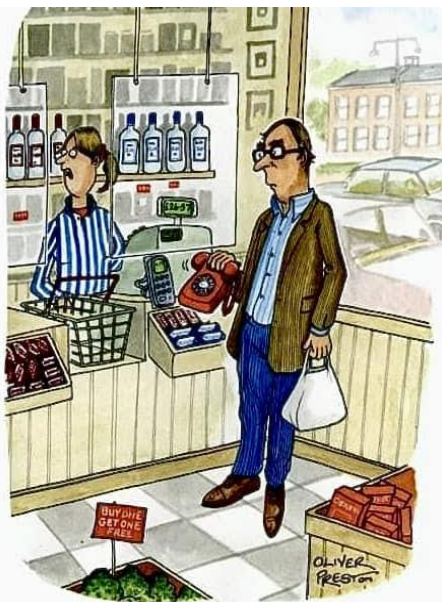

Beginning the week of September 23 fall courses will begin at SLR. Some participants have had time over the summer to decide which course or courses to register for and some participants have even managed to prepare for their course. Others may have just signed up and are now preparing. We want to wish all of you a successful learning and social experience.

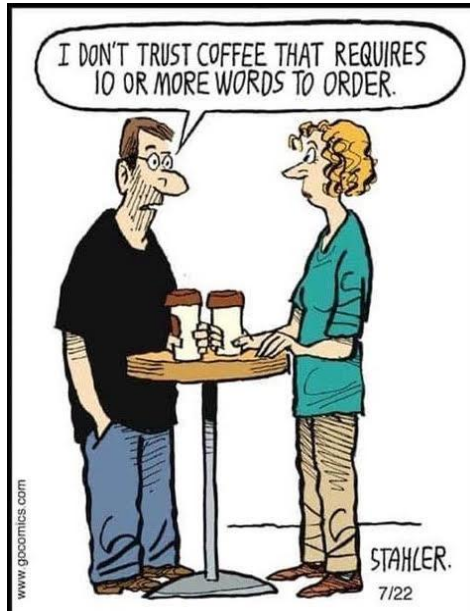

Throughout the year be on the lookout for information on our website, Facebook page, SLR e-mails and this newsletter. Wishing you all the best.

PS: Did you remember to pay your annual membership fee when you signed up for Fall courses? Our Registrar is being kept busy trying to contact those who signed up for courses but forgot to add in their \$25 annual membership fee. The membership year is from September 1st to August 31st, so please check and see if in fact you forgot. If you are not taking courses, you might still want to renew, as this makes sure that you are still on our mailing list and still eligible to sign up for members' social events, coffee socials, etc., etc.

PLUS: There are still a few spaces left in several courses. If you have it in you to take on another course, this is the time to get a FREE course - You just have to have paid for one of equal or greater value, so enquire now,

LAUGHTER IS THE BEST MEDICINE Thanks to Phyllis Brady

Baby Boomers will get this 🤔😄
Too Funny!!

ANSWERS TO PREVIOUS RIDDLES

1. If there are three cups of sugar and you take one away, how many do you have?
One, as it is the only one you have taken and the only one you possess.
2. There is a barrel with no lid and some wine in it. "This barrel of wine is more than half full," says the woman. "No, it's not," says the man. "It's less than half full." Without any measuring implements and without removing any wine from the barrel, how can they easily determine who is correct? **Tilt the barrel until the wine barely touches the lip of the barrel.**
If the bottom of the barrel is visible then it is less than half full.
If the barrel bottom is still completely covered by the wine, then it is more than half full.
3. One can strike it up but not strike it down. What is it? **A conversation.**

NEW RIDDLES

1. How many of each species did Moses take on the ark with him?
2. When is a door not a door?
3. A girl who was just learning to drive went down a one-way street in the wrong direction, but didn't break the law. How come?

Happy Birthday to all our members born in September
